4. What do you intend to mobilize with this funding in terms of relationship building, widening participation, and or academic outputs and collaborations (research, scholarship, further project funding, public policy, etc.)?

5. Stream 1 only – Seed or Match Funding

Which funding agency are you applying to for further or core funding and what is the timeline of that funding?

Guiding Principles

6. Select which principles are applicable to your application and explain how your project aligns with each principle (see Application Guidelines for examples).

Ethical Collaborations: Transdisciplinary, intergenerational, and community relationship building grounded on trust, respect, reciprocity, consent, and accountability.

Explain how:

Intellectual Depth: (self)Critical and relational rigour in moving beyond common patterns of simplistic solutions, paternalistic forms of engagements and ethnocentric ideals of sustainability, justice, and change.

Explain how:

Reparative Redistribution: Allocation of resources prioritising populations most affected by the Climate and Nature Emergency and precarity, and research areas of greatest urgency and impact guided by principles of reparation.

Explain how:

Engagement with the Indigenous Strategic Plan: Deepening understanding of settler responsibilities and supporting the aspirations of Indigenous scholars and communities.

Explain how:

Attachments

- Letter/s of Support from organization community partner/s.
